DETAILED ACTION

1. Claims 1-30 were provisionally rejected (see first Office Action as mailed out February 15, 2006) under the judicially created doctrine of obviousness-type double patenting as being unpatentable over claims 1-20 of copending Application No. 10/323,391. However, as pointed out by the Applicant in the "Amendment" received May 10, 2006, the copending Application (10/323,391) has been abandoned on October 5, 2004. As pointed out in the first Office Action, in paragraph 2: "Except for the double patenting problem ... no other prior art was found to disclose or make obvious the key features of the applicant's invention." Therefore, the application is ready for allowance, as shown below.

Allowable Subject Matter

2. Claims 1-30 are allowed.
3. The following is an examiner's statement of reasons for allowance:

With respect to the independent claims 1, 10, 19, 21, and 24, prior art fails to disclose or make obvious a method and an apparatus for an ion delivery system for a mass spectrometer having an ionization source for providing a continuous beam of ions, and ion trap, a detector and an ion guide for guiding said continuous ion beam from the ionization source toward the ion trap, said ion delivery system comprising: (a) gating apparatus adapted to be placed between said ion guide and said ion trap for receiving said continuous ion beam and for projecting ions from said continuous ion beam in a stream of ion pulses toward said ion trap; and (b) scaling apparatus operatively connected to said gating apparatus for selectively controlling the number of ions in each of said ion pulses delivered to said ion trap.

The dependent claims 2-9, 11-18, 20, 22-23, and 25-30 are allowable by virtue of their dependence upon the independent claims 1, 10, 19, 21, and 24, respectively.

Conclusion

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
